**1941
SPRING
CATALOGUE**

GREEVER'S

Chilhowie,

Virginia

GREEVER'S GUARANTEE

We guarantee the safe arrival of your order, and the vitality and purity of the seed, bulbs and plants to the full amount of the purchase price. Should any bulbs, seed or plants prove untrue to name we will gladly refund your purchase price any time within 4 months.

Even with the highest quality seeds, bulbs and plants, success in gardening or farming depends largely upon the cultivation, soil and weather conditions.

Therefore in no case shall Greever's be liable for more than the amount actually paid us for seed, bulbs or plants.

If for any reason whatever you are not satisfied with any article purchased from us, we want you to return it to us at our expense. We will then exchange it for exactly what you want, or will return your money, including any transportation charges you have paid.

On account of market conditions our prices are subject to change with out notice.

Should the merchandise be higher we will notify you before shipping, If it declines we will refund the amount overpaid.

HOW TO SEND MONEY

Our terms are cash with order to everyone, money should be sent by check. Post Office Money, Express Money Order or Registered mail. Please do not send stamps on orders over 50 cents.

We Cannot Accept C. O. D. Orders

We try to fill all orders on the date specified but in the case of plants, weather conditions sometimes make it impossible to ship on date specified but we will do the best we can.

We pay postage on orders amounting to \$2.00 or over for shipment At One Time—except on items marked Freight or express collect in our catalogue.

On small orders add 8 cents to pay Postage and cost of packing.

PLEASE DO US A FAVOR

If you are receiving more than one catalogue in your home, we will appreciate it if you will tell us what names you are receiving them under. Also which one you prefer to have it sent to.

Thanks for this cooperation.

Greever's Deodorant Cream

A non greasy vanishing cream. Destroys objectional body odors.

It is not an astringent.

Especially adapted for use with Sanitary napkins.

Valuable also in destroying perspiration odors of feet and under arms.

1 ounce jar 10c

(About 4 times the size of ordinary 10c deodorants.)

For Ladies Over Twenty

You need not worry about your skin becoming dry and full of wrinkles. Just feed the skin on your face and neck every night with-

Greever's

SKIN & TISSUE CREAM

Greever's Skin and Tissue Cream is composed of the three oils that actually penetrates and feed the skin tissues. If your skin is becoming dry and little wrinkles are beginning to appear. 2 ounce jar only 25c

Greever's Vegetable Seed

Every variety listed in our catalogue has been tried and found to grow satisfactorily in our section. We have selected the best of the various varieties and can recommend each to you as being worthy of a place in your garden.

Our prices are lower- Our 5 and 10c packages contain more good seed than any on the market.- Compare them.

Bunch Beans

1 Lb. Plants 40 feet of row.

Greever's Original Strain of SULPHUR BEAN

Considered by many the tenderest, most prolific, and finest flavored snap bean grown, pods light green. We are having these fine beans grown by an experienced seed grower in the Bean growing section of the West in a large quantity this year so we can offer this bean at a reduced price.

Pkt. 10c, Pound 25c, 3 lb. 70c, 5 lb. \$1.10

BURPEE STRINGLESS GREEN POD — Entirely stringless, meaty oval pods of medium length the old standby in most gardens. May be used for either early or late planting.

Pkt. 10c, 1 lb. 20c.

EXTRA EARLY STRINGLESS RED VALENTINE—54 days, round podded, cured and free from fiber.

Pkt. 10c, 1 lb. 20c.

TENDERGREEN—A new green podded bean of merit pods long, round, light green and absolutely stringless.

Pkt. 10c, 1 lb. 20c.

GIANT STRINGLESS—Like Burpee stringless but pods one inch longer.

Pkt. 10c, 1 lb. 20c.

TENNESSEE GREEN POD—Early. Pods flat, becoming tough when older.

Pkt. 10c, 1 lb. 20c.

TOP NOTCH GOLDEN WAX—A decided improvement on the old strains of wax beans, the pods are long, flat, stringless and free from tough fiber. Flavor excellent.

Pkt. 10c, 1 lb. 20c.

FRENCH HORTICULTURAL—A more highly colored strain of dwarf horticultural, the pods are almost round at the green-shell stage. Very tender and stringless.

Pkt. 10c, 1 lb. 25c.

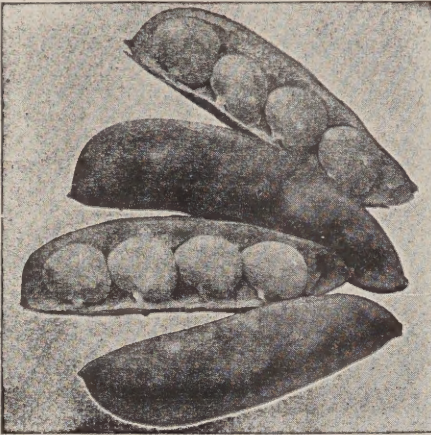

Inoculate all Beans with NITRAGIN

For better crops
Garden size 10c

Postage on orders of \$2.00 or over
except when otherwise stated.

Lima or Butter Beans

FORDHOOK BUSH LIMA—the outstanding bush lima for home use the beans are large and thick with fine flavor. Pkt. 10c, lb. 30c

HENDERSON BUSH LIMA—the southern small Butter Bean, beans small flat and of excellent quality. Pkt. 10c, lb. 25c.

KING OF THE GARDEN POLE LIMA—the most popular pole lima bean, a heavy yielder of large plump beans of finest quality. Pkt. 10c, lb. 30c

Shell Beans

Raise your own shell beans for boiling, baking or soups.

WHITE NAVY—the most popular baking bean. Seeds small almost round and white. Lb. 20c, 3 lb. 50c.

GODDARD OR LONG OCTOBER—Long speckled beans, with fine flavor a favorite soup bean. Lb. 18c, 3 lb. 45c.

YELLOW EYE OR BIRD EYE—White beans with a yellow eye. Lb. 18c, 3 lb. 45c.

Pole or Cornfield Beans

1 lb. of seed will plant 75 to 100 hills.

KENTUCKY WONDER—the most popular of all pole beans, a heavy yielder of excellent flavored snap beans. Pkt. 10c, Lb. 20c.

KENTUCKY WONDER WAX—No wax podded pole bean surpasses it in quality. It produces pods 5 to 8 inches, so fleshy that the thickness almost equals the width, brittle and tender. Pkt. 10c, 1 lb. 20c.

LAZY WIFE—Beans large white and almost round, fine flavored as dried beans, the pods are broad fleshy and stringless. Pkt. 10c, lb. 25c.

WRENS EGG—October or Horticultural—an old favorite speckled bean with red speckled pods. Pkt. 10c, 1 lb. 20c

**For Better Crops
Inoculate all Beans and Peas
with**

New Vegetable EDIBLE Soy Beans

The Soy bean is one of the most nutritious of all plants, products contain approximately 20% fat and 40% Protein.

If you have been thinking of soy beans as a feed for livestock, plant some Bansei soy beans this year and add an entirely new vegetable to your garden list in the future. They are easy to grow, not attacked by Mexican Bean Beetle.

The beans are not only delicious when eaten green or dry, but they are excellent source of Vitamin A, B and G.

The Bansei variety is one of the earliest and most productive. Plants grow 24 inches high and do not require support. Seeds are bright green when young and yellow when mature.

Pkt. 10c, Pound 35c

Jogun- Plant erect, of medium height. Pods large, gray. Beans almost spherical, yellow, of nutty flavor. pkt. 10c, lb. 35c

Ask for cooking instructions when ordering seed.

Try a packet at least, in your garden this year.

Garden Beets

1 ounce plants 100 feet of row. Plant from April till August. Thin to stand 3 inches apart in row.

EARLY WONDER—Globe shaped, blood red, medium size and fine flavor. Pkt. 5c, Ounce 10c.

DETROIT DARK RED IMPROVED—The favorite all-round beet, very dark red and stays dark after canning, globe shape. Pkt. 5c, 1 ounce 10c.

IMPROVED EARLY BLOOD TURNIP—An old favorite main crop turnip shape, dark red flesh lighter red with lighter zones. Pkt. 5c, 1 ounce 10c

Stock Beets

1 ounce plants 100 feet

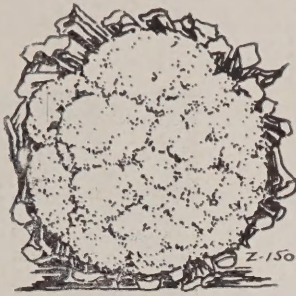

Grow some of this fine feed for cows and poultry, takes very little trouble and they are greatly relished by all kinds of stock and poultry.

KLEIN WANZLEBEN—a real sugar beet, very sweet high in food value. Pkt. 10c, 1 lb. 60c

MAMMOTH LONG RED MANGEL—The largest of the stock beets, makes fine feed for cows, hogs, and chickens. Pkt. 10c, 1 lb. 60c

Brussels Sprouts

Cauliflower

Brussels Sprouts

DWARF IMPROVED—A sure cropper, producing very tender sprouts. Sow in June and handle like cabbage. Pkt. 5c.

Cauliflower

EARLY HEADING HELIOS—The heads are not extra large and have plenty of foliage, the only cauliflower we have found that will head satisfactorily in our climate. Pkt. 10c.

Sugar Cane or Sorghum

SUGAR DRIP—No sorghum has yet been developed that will compare with this in yield, and quality of syrup. Lb. 15c, 5 lb. 65c.

Broom Corn

STANDARD EVERGREEN—yields a heavy brush free from center stems and crooked brush. Pkt. 10c, lb. 25c
REMEMBER—Greever's Prepay Postage on orders of \$2.00 and over.

Celery

It's mighty fine to have your own sweet tender celery when you want it—it cost so little, and will give you some exercise taking care of it.

GOLDEN DETROIT—The standard of excellence in the self bleaching class, plants heavy, compact and full hearted, 20 to 22 inches tall. Pkt. 5c
WHITE PLUME—Medium size, very tender, bleaches readily. Pkt. 5c.

We will have plenty of celery plants this year, see plant section for prices.

Cabbage

We have selected our strains of cabbage with the utmost care after close observation in our own trial grounds and have what we believe the best strains for our section.

COPENHAGEN MARKET—Our special strain, heads true, Copenhagen shape uniform, solid and fine quality as early as golden acre and much larger, heads average 3 7-19 lb. in our trial grounds.

Pkt. 5c, oz. 30c, 1-2 lb. \$2.00

MARION MARKET—Yellows resistant Copenhagen, about 10 days later, heads a little larger, same shape and quality. Pkt. 5c, ounce 30c, 1-2 lb. \$2.00

RESISTANT DETROIT—A new yellows resistant Copenhagen type, heads as early as the regular Copenhagen Market, heads nearly as large, 10 days earlier than Marion Market.

Pkt. 5c, ounce 30c, 1-2 lb. \$2.25

LARGE LATE FLAT DUTCH—large flat heads fine for winter keeping.

Pkt. 5c, ounce 25c, 1-2 lb. \$1.75

LARGE LATE DRUMHEAD—flat heads. A favorite winter cabbage with quite a few customers.

Pkt. 5c, ounce 25c, 1-2 lb. \$1.75

SHORT STEM DANISH BALLHEAD—the originators strain, imported by us direct from Denmark. Round heads, firm, crisp and good winter keepers.

Pkt. 5c, ounce 30c, 1-2 lb. \$2.00

Broccoli

ITALIAN GREEN SPROUTING—Cultivated like cabbage, it bears a succession of sprouting heads which if kept cut, will be replaced by others for 8 to 10 weeks. Each sprout about 5 inches long, ends in a small head of deep green buds. It is one of the most delicious green vegetables. Pkt. 5c.

You can now grow plenty of late Cabbage for—

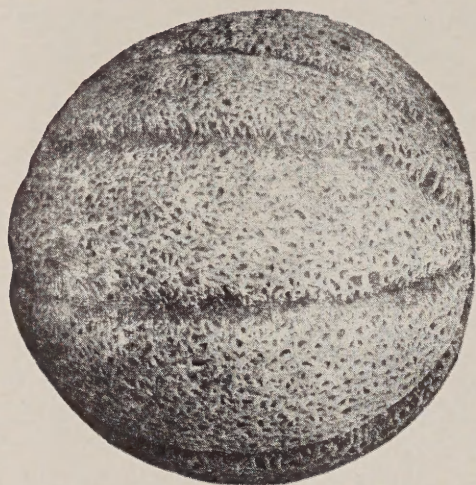

Greever's

**SPECIAL CABBAGE
DUST**

Kills those pesky cabbage worms and is not dangerous to use

1 lb. 15c, 5 lb. 70c

Cantaloupe or Muskmelon

1 pkt. will plant 10 hills, 1 ounce 50 hills
It's mighty fine to have your own melons, most every one can find a place for a few hills.

DELICIOUS—Melons 6 to 6½ inches in diameter, moderately ribbed and closely netted. Flesh bright orange and delicious in flavor. **Pkt. 5c, ounce 10c**

HALES BEST—Fruit are oval heavily netted, bright salmon flesh which is firm, fine grained and very sweet. **Pkt. 5c, ounce 10c**

HALES BEST—The largest of the rocky ford type melon skin light greenish yellow, flesh salmon. **Pkt. 5c, 1 ounce 10c**

LARGE HACKENSACK—The melons are large nearly round somewhat flattened in the ends, has wide slices, deeply netted, the flesh is thick sweet and juicy, a very fine home melon. **Pkt. 5c, 1 ounce 10c**

BANANA—Banana shaped about 18 to 25 inches long, 4 to 7 inches in diameter, has thick orange flesh, sweet and juicy. **Pkt. 5c, 1 ounce 10c**

Dill

LONG ISLAND MAMMOTH—A superior strain of dill well worth using.

pkt, 5c

ROTODUST
WILL KILL THOSE
Pesky striped cucumber
beetles.

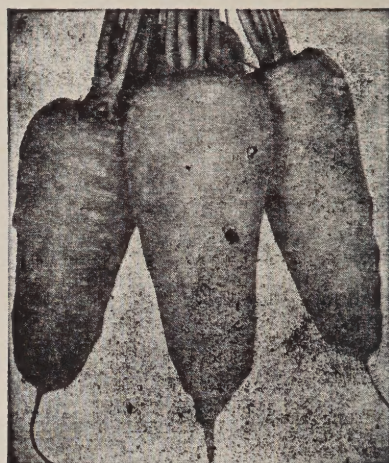

19c lb - 5 lb. 75c

Greever's
Mentholated Lotion

Will keep your hands
smooth and soft

6 ounce bottle 25c

Carrot

1 ounce will sow 200 feet of row.

IMPERATOR—Received All American Silver Medal for 1933. An outstanding type especially developed to meet the demand for a long smooth handsome carrot. Flesh rich orange extending to center, fine grain tender and of excellent quality. **Pkt. 5c, 1 ounce 10c**

RED CORED CHANTENY—deep reddish orange with core of about the same color, tender and sweet, 5 to 6 inches long. **Pkt. 5c, 1 ounce 10c.**

CORELESS—Flesh reddish orange, coreless, cylindrical blunt end, crisp tender and of very delicate flavor. **Pkt. 5c, 1 ounce 10c.**

DANVERS HALF LONG—An old favorite, thrives in a greater variety of soils than any other carrot, about 6 inches long, tapering, flesh deep orange crisp and tender. **Pkt. 5c, 1 ounce 10c.**

EARLY SCARLET HORN—Very early, 3 inches long reddish orange sweet and tender. **Pkt. 5c, 1 ounce 10c**

Egg Plant

BLACK BEAUTY—A popular variety of vigorous growth that holds its fruit well off the ground. Fruit large, smooth, of excellent quality, and a purplish black color. **Pkt. 5c.**

Kohl Rabi

EARLY PURPLE VIENNA—60 days, bulbs flattened globe shaped, best for use when 2 to 2½ inches in diameter, purple, flesh white, crisp and tender. **Pkt. 5c.**

Sweet Corn

1 lb. will plant about 300 feet of row.

What is more delicious than a good fresh ear of sweet corn? You can have corn from July till frost by selecting 2 or 3 varieties and planting every 2 weeks from May 1st to July 15th.

The Improved Golden Country Gentleman.

Large handsome ears, dainty shoe peg kernels, beautiful golden color, the flavor is one to be long remembered—a sugar Nectar-like sweetness all its own, very tender and stays in roasting ear stage longer.

Pkt. 10c, 1 lb. 25c

EARLY SURPRISE—The earliest of the sweet corns, ears white and 4 to 5 inches, very delicious, matures about 2 weeks earlier than other sweet corns.

Plant a few rows of this latter part of April—if it gets by the early May frost you can have roasting ears July 4th.

Pkt. 10c, 1 pound 20c

ADAMS EXTRA EARLY—a very early corn, not a sweet corn, ears small white, its principal feature is its earliness, we prefer early surprise.

Pkt. 10c, 1 lb. 20c.

BURBANK BANTAM—if you like the delicious flavor of Golden Bantam you will like this corn. Golden ears about 8 inches long with the delicious flavor of Golden Bantam, matures to roasting ear stage 2 weeks later than early surprise and about 10 days ahead of the Country Gentleman varieties. For that inbetween season plant some of this corn.

Pkt. 10c, 1 lb. 20c

COUNTRY GENTLEMAN—needs no description, still the most widely used main crop sweet corn, white ears about 7 to 9 inches.

Pkt. 10c, 1 lb. 20c.

STOWELLS EVERGREEN—a standard late variety, large ears, white, stays tender a long time, easy to silk.

Pkt. 10c, 1 lb. 20c

New Disease - Resistant Corn

These newly developed varieties are extremely valuable as they have shown high resistance to the destructive Stewarts Disease which has become serious in the northeastern states. Their heavy husks also help to protect them against the corn ear worm. The varieties we offer are of the highest quality and uniformity.

GOLDEN CROSS—Very uniform in habit of growth, size, and maturity. The ears are 8 inches long and they are closely set with 14 rows of light yellow grains filled with delicious sweet pulp. Often bears 2 ears per plant.

Pkt. 10c, 1 lb. 35c.

Tastes mighty good on long winter evenings, the children really enjoy it as well as the old folks. Just a small row or two in your garden will supply your family all winter.

Pop Corn

T.N.T.—a comparatively new corn that is very much in demand. Has big yellow kernels bursting into large tender creamy balls of delicious flavor.

1 kt. 10c, 1 lb. 20c

WHITE RICE—the old favorite, small white kernels pops well and has good flavor.

Pkt. 10c, 1 lb. 20c

To Stomach Sufferers!

If corn gives you indigestion read this MESSAGE

DeWitt's Antacid Powder has a world-wide record of success in the treatment of gas pains, excess acid, belching, bloating, pains after eating, sour stomach, constipation, heartburn, poor digestion, gastritis, and many other conditions caused by hyperacidity or faulty diet. Price 50c.

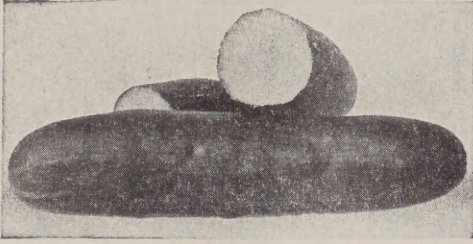

You can even eat corn on the cob if you use **HOLDZ**—

The improved powder for holding false teeth in place

Only 20c

Cucumbers

1 ounce will plant 80 hills.

STRAIGHT 8—66 days. The straight, symmetrical fruits grow about 8 inches long and about 1½ inches in diameter. When ready for use they are rich deep green. **Pkt. 5c, oz. 10c.**

DON'T WORRY ABOUT THOSE STRIPED BEETLES EATING YOUR CUCUMBERS-- DUST THEM AS SOON AS THEY COME UP WITH-

ROTODUST AND YOUR BUG WORRIES WILL BE OVER.

1 lb. 19, 5 lb. 75c

2-119

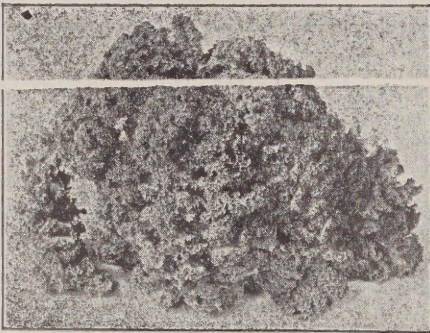

PICKLERS SPECIAL—The best of the pickling varieties. **Pkt. 5c, ounce 10c**

FASTGREEN—An improved White Spine—It is the earliest and best of the white spine varieties. **Pkt. 5c, ounce 10c**

IMPROVED LONG GREEN—The old favorite in most gardens. **Pkt. 5c, ounce 10c.**

WHITE WONDER—The cucumbers are white from the time they begin to form and remain white until ripe. **Pkt. 5c, ounce 10c**

Kale

A hardy vegetable of very simple culture yet it supplies the table with some of the very best greens and at a time when other things are scarce. Sow in beds or shallow rows eighteen inches apart. Seeding may be done in early spring or fall and the greens will be ready for use in a few weeks.

BLOOMSDALE DOUBLE EXTRA CURLED—A superior kale being very curly and dark green, retains its color well after cutting. **Pkt. 5c, oz. 10c.**

TALL GREEN CURLED SCOTCH—It is so hardy that it is green, very finely curled, used also for garnishing

Pkt. 5c, oz. 10c.

TALL GREEN CURLED SCOTCH—it is so hardy that moderate frost improves its flavor; grows 3 feet tall and bears light green densely curled leaves of delicious flavor. Plant in May or June. **Pkt. 5c, oz. 10c.**

Mustard

SOUTHERN GIANT CURLED—Large curled leaves. **Pkt. 5c, oz. 10c**

FLORIDA BROAD LEAF—Large and smooth leaves. **Pkt. 5c, oz. 10c**

TENDERGREEN or MUSTARD SPINACH—A highly good new salad. **Pkt. 5c, oz. 10c**

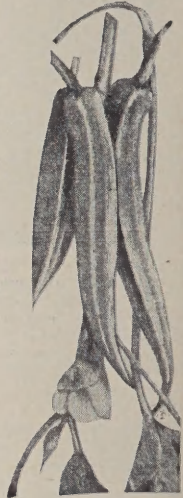

Okra or Gumbo

CULTURE. Sow after the ground is warm in rows three feet apart, covering the seed an inch deep. Thin to 12 to 18 inches in the row. Okra is used in soups and stews, and is very popular in the South. No garden should be without some.

WHITE VELVET—Superior tenderness and flavor. The pods are round smooth and light green in color. Matures in about 55 days.

Pkt. 5c, oz. 10c.

Try a little Okra this year.

Onion Seed

PRIZETAKER—This grows a very large bulb weighing in some cases as much as 2 lbs. Its color is a bright straw color, and grows to a uniform shape, which is almost a perfect globe. **Pkt. 5c, oz. 15c**

YELLOW GLOBE DANVER—This is the old standard yellow globe onion. **Pkt. 5c, oz. 15c**

SWEET SPANISH—Valencia. It is the large Spanish type, globe shape, bright golden yellow. The flavor is very mild and the shape very uniform.

Pkt. 5c, oz. 15c.

Onion Sets

JAPANESE ONION SETS—Makes the best onion grown from sets, they are almost the same size as Yellow Danvers, but are more solid, better flavor and keep longer. **1 lb. 15c, 5 lb. 60c**

Head Lettuce

The heading varieties should be started very early in the spring in hot bed or cold frame. When plants are about three inches high, transplant to well prepared rows in the garden, setting them ten inches apart in the row.

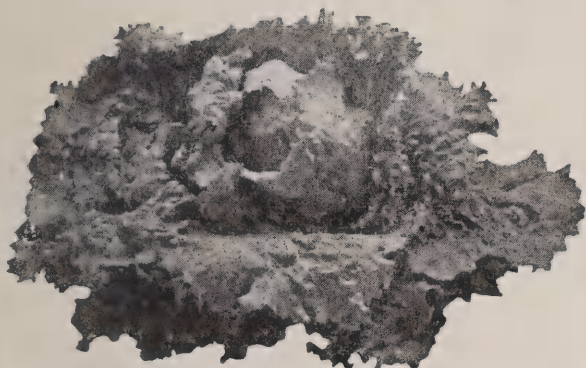

DREER'S ALL HEART—Our favorite lettuce, the heads are delicate yellowish green color, with few outer leaves enclosing a solid part of the most delicious flavor.

Pkt. 5c; oz. 10c

ICEBERG—light green in color, crisp and tender, may be used as a loose cutting variety also.

Pkt. 5c, oz. 10c

Loose - Cutting Lettuce

BLACK SEEDED SIMPSON—Plant large attractive compact, with broad frilled light green leaves.

Pkt. 5c, oz. 10c

EARLY CURLED SIMPSON—Also known as White Seeded Simpson. Early bright lustrous green, frilled, and of good quality.

Pkt. 5c, oz. 10c

GRAND RAPIDS—Green with a tinge of red on the leaves.

Pkt. 5c, oz. 10c

Parsley

PARSLEY—MOSS CURLED—The leaves are very dark green in color, very finely cut and so thickly curled that a plant resembles a bunch of moss. The Parsley for all purposes

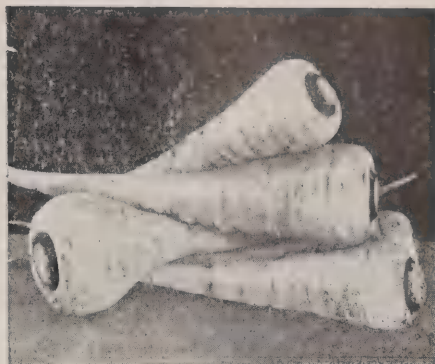

Pkt. 5c

Death Drops

The Liquid Rat Poison
Just pour in vessel and
let them drink it

1 pint 35c

Parsnips

GUERNSEY—95 days. Attractive medium-long roots with a broad shoulder gradually tapering downward. The skin is light in color and quite smooth. The flesh is fine grained, tender and sweet. Considered the best quality Parsnip for table use. 12 in. long. 2 in. across.

Pkt. 5c, oz. 10c

HOLLOW CROWN—100 days. Longer than Guernsey but not so broad, fully developed roots are 15 in. long and 2 1/2 in. thick at shoulder. Fine grained flesh of superior flavor. Heavy yielder.

Pkt. 5c, oz. 10c

Peanuts

Shell the nuts and plant after the ground has become warm in the early summer or late spring. Drop two or three nuts to a hill, having hills ten inches apart. Rows should be three feet apart. Give frequent shallow cultivation, working the soil up around the plants, until the nuts begin to form. Grow a few for the children.

VIRGINIA—Nuts grow very large and contain two kernels to the shell. One of the easiest of all to harvest, and a desirable variety for any purpose.

Pkt. 10c, lb. 25c

Remember - Greever's Pay
Postage on orders of \$2.00 or over
except when otherwise stated.

Garden Peas

Sow early in the spring. Cover 1 to 2 in. deep. 1 lb. will plant 100 feet of row.

ALASKA—The earliest of all. can be planted early in April. Grown 30 inches, matures in 50 days to eating stage. Pkt. 10c, lb. 15c

LAXTON'S SUPERB or EARLY BIRD—Dwarf vine about 20 inches high, bearing large uniform pods about 4 inches in length, curved, pointed and light green in color. Very fine for earliest home garden. Matures in 52 days. Pkt. 10c, lb. 20c

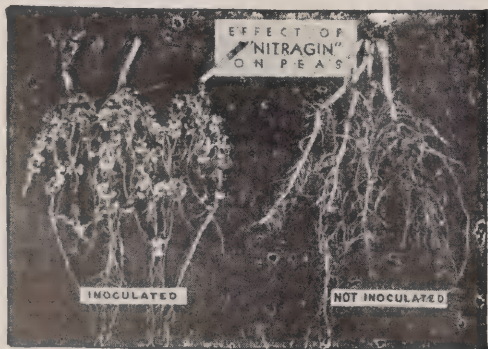

STRIDAH—Unequalled in pod size, exceptional in quality, resistant to fusarium wilt. Its pods are 5 to 6 or even 6½ inches long, very dark green, pointed and somewhat curved at the tip. Vine 24 to 28 inches tall. Matures in about 75 days. It has the unusual quality of remaining tender and sweet a week to ten days after reaching the picking stage. Pkt. 10c, lb. 20c

LITTLE MARVEL—62 to 64 days. Vines 18 inches tall, dark green, very thrifty. Pods dark green; 3 in. long, very plump, straight. Seed medium sized, distinctly wrinkled, green. Pkt. 10c, lb. 20c

THOMAS LAXTON—57 days. Unsurpassed for the home garden as in early large podded pea of high quality. Vine 3½ ft. tall dark green. Pods dark green 3½ in. long plump and blunt. Pkt. 10c, lb. 20c

ALDERMAN or IMPROVED TELEPHONE—Vines grow nearly 4 ft. high, the pods are about 5 in. long. Pkt. 10c, lb. 20c

NAIN SUGAR MELTING—"Edible pod". The best flat podded edible variety, vines 4½ ft. Pkt. 10c, lb. 20c

Garden Size Nitragin 10c

Hot Peppers

LONG RED CAYENNE—Hot has fruit long, slender. The color is bright red.

Sweet Peppers

1 pkt will produce about 100 plants. Sow in hot bed early in March or in box in the house.

We have added to our greenhouse so we will have plenty of large pepper plants by May 10th.

SUNNYBROOK—A Pimentio pepper. Sweet, has somewhat the shape of a small flattened tomato. smooth, deep scarlet, thick fleshed and sweet. Very prolific.

RUBY KING—Sweet, one of the old standard sorts, of good size and color.

WORLD BEATER—A large sort, a cross between Chinese Giant and Ruby King, having the longest shape and earliness of the latter with the size of the former. Flesh thick and mild; very productive.

GOLDEN QUEEN—Sweet, the largest yellow pepper of quality. It is strictly mild and sweet. Flesh is bright yellow.

All peppers package 5c.

For fine transplanted plants see plant section.

Pumpkins

Pumpkins planted in your cornfield mean extra feed for from the same land and fertilizer.

CONNECTICUTT FIELD—The standard field variety for stock feed. It makes a good yield of medium size pumpkins that are slightly ribbed, and have a smooth yellow skin with yellow flesh. Pkt. 5c, oz. 10c, lb. 45c

TENNESSEE SWEET POTATO or SUGAR PIE—Fine grained and deliciously sweet; fine flavored, splendid keeper. Pkt. 5c, oz. 10c

Rape

DWARF ESSEX RAPE—For a good supply of late fall "greens" or cooked salad also for very early use in the spring, sow some rape in August after you have laid your corn by. It is cheap and makes mighty good greens. Pkt. 10c, 1 lb. 18c

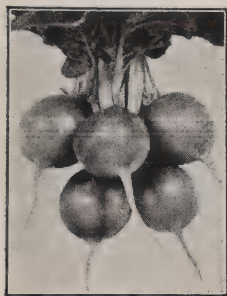

Salsify or Oyster Plant

1 ounce will plant 75 feet of row. One of the most desirable of winter vegetables, and one which deserves to be more used. Delicious for soups, fried as oysters or creamed. May be left in the ground all winter.

Mammoth Sandwich Island Salsify, the standard variety, produces long tapering roots.
Pkt. 5c, 1 ounce 15c

Radish

ICICLE—27 days. Decidedly the best white variety and considered by many the standard of excellence in radish.

FRENCH BREAKFAST—Roots oblong blunt, rich scarlet with white bottom, flesh white, crisp.

SCARLET TURNIP WHITE TIPPED—25 days. Handsome, popular variety of outstanding quality.

All Radish Pkt. 5c, oz. 10c

Rutabaga

AMERICAN PURPLE TOP—The standard yellow fleshed rutabaga for home and market use, large smooth, neckless and sweet. Pkt. 5c, ½ lb. 25c 1 lb. 45c

Squash

1 pkt. plants 5 to 6 hills, 1 ounce plants 20 to 30 hills.

Summer squash often called cymblings and baking squash.

EARLY SUMMER CROOKNECK—We added this by popular demand. Fruits about 10 inches long, of typical bush growth, early and productive or squash of deep orange skin and salmon flesh of delicious flavor.

Pkt. 5c, 1 ounce 10c

EARLY WHITE BUSH SCALLOP—Cymbling or Paty Pan, fruit white, flattened and scalloped, about 8 in. in diameter with creamy white skin. Pkt. 5c, 1 oz. 10c

DES MOINES or TABLE QUEEN—A small acorn shaped squash 5 to 6 inches long and 4 inches in diameter, this variety has been considered better than crookneck, and is cooked or baked similar to crookneck.
Pkt. 5c, 1 oz. 10c

Winter Squash

1 pkt. plants 5 to 8 hills, 1 ounce plants 15 to 25 hills.

Fine for baking and making pies and custards all winter. Squash must remain on the vine till fully matured, gather before frost leaving a part of the stem attached. Store in a moderately warm dry place.

Z-139

TRUE HUBBARD—Olive shaped squash with dark bronze-green skin, the rind is heavy and hard making it a good keeper. About 12 inches long. Deep orange fine grained flesh sweet and dry, the standard winter squash for all purposes. Pkt. 5c, 1 oz. 10c

GOLDEN HUBBARD—Similar to above but smaller and deep golden color. Pkt. 5c, 1 oz. 10c

GREEN STRIPED CUSHAW—A smooth crookneck shaped variety an old time favorite, white with green mottling and stives thick yellow flesh.

Pkt. 5c, 1 ounce 10c

Rotodust will kill the little striped cucumber beetles also the worms that bore in the stem, keep a little about the stem where it enters the ground.

1 lb. 19c, 5 lb. 75c

Spinach

This is a crop that should form the basis of every early spring and late fall garden. Its greens are very valuable for certain mineral contents which have been found to be greatly needed in the human system. It is very easy to grow and makes a delicious dish. Sow seed early in the spring or in the fall in light drills about fifteen to twenty inches apart.

BLOOMSDALE—A quick growing savoy leaf variety, popular with home and market growers.

NEW ZEALAND—Foliage thick, succulent, dark green, never sunburn, a true heat resistant. In edible condition from July until frost. Excessive heat does not check its growth.

VIRGINIA BLIGHT RESISTANT—Bloomdale type. It is recommended as the best fall spinach.

All Spinach Pkt. 5c, oz. 10c

Turnips

Turnip seed may be sowed in the early spring or fall. The soil should be very rich, well pulverized, and the seed should not be covered more than one-half inch deep. It is better to sow just after a good rain when the soil has sufficient moisture in it to assure germination. Use one ounce of seed to every one hundred square feet or three to five lbs. per acre.

PURPLE TOP WHITE GLOBE—Our pure bred strain is noted for its uniformity. The roots are large, globe shaped, and very smooth; upper part purple red, white below; flesh white, crisp and tender.

Pkt. 5c, 2 oz. 10c, 1 lb. 40c

PURPLE TOP STRAP LEAF—The popular early flat purple top turnip, small tops. Pkt. 5c, 2 oz. 10c

SEVEN TOP—Very hardy, makes excellent "greens". Pkt. 5c, 2 oz. 10c

Tomato Seed

Plant in hot bed early in April or in the ground after danger of frost.

GREEVER'S MAMMOTH ORANGE—Southwest Virginia's outstanding and most popular tomato. Our own introduction. We introduced this outstanding tomato in 1930. The fruit is large often weighing 2½ lbs., very smooth, solid having very few seeds, flesh orange colored and of fine texture and delicious flavor. Very little acid.

We use the utmost care in selecting the plants from which our seed are taken, using only the smoothest and largest tomatoes. Only at GREEVERS are you sure of getting the pure strain of these famous Orange tomatoes.

Packet (about 25 seed) 10c

GREEVER'S CRIMSON GIANT—Undoubtedly the largest, most brilliant red and best flavored tomato ever produced. Almost seedless, practically coreless and certainly matchless. Very smooth. Round oval shape; and a rich color. Revelation to those who like meaty bright red tomatoes.

Pkt. 10c

OXHEART—A recent introduction of most distinct form, producing deep pear-shaped fruit some of which are of immense size and weight. Solid, deep rose-red flesh with few seeds and extremely mild and free from acid. A fine late maturing home garden sort, picking up to frost.

Pkt. 10c

IMPROVED PONDEROSA—We have a select strain of this fine old tomato, much smoother and larger yet retaining the fine flavor, beautiful pinkish purple color and meaty qualities.

Pkt. 10c

GOLDEN COLOSSAL—Large and smooth and a beautiful golden yellow.

Pkt. 10c

SCARLET DAWN—Received All American Gold Medal for 1935. Very early and prolific in our trial grounds quite a few vines had 65 tomatoes on them. Fruits medium large with thick wall structure, globular, smooth, bright scarlet, ripen well to the stem.

Pkt. 5c.

STOKES MASTER MARGLOBE—This strain of Marglobe is noted for its uniform shape, solid meaty fruits and bright red color. A real canning or market tomato.

Pkt. 5c

BONNIE BEST—Unexcelled as a general purpose tomato. Very early, fruit handsome evenly colored bright red scarlet, medium size; flattened globe shaped, smooth and firm.

Pkt. 5c

BEEFSTEAK—Extra large size fruit. The flesh is a beautiful deep scarlet. It is juicy and has a rich sub-acid flavor.

Pkt. 5c

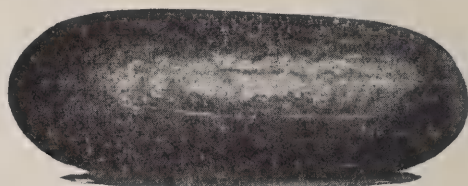

BRIMMER—Large smooth pink tomato solid, very little core.

Pkt. 5c

See plant section for transplanted plants.

We have increased our Greenhouse space in order to have large sturdy plants by May 5th. We were sorry to disappoint some of our customers this season by not having our plants large enough May 10th. We expect to have plenty large fine plants this season.

Water Melon

KLECKLEY SWEET—Fruit large, oblong, very dark green, flesh bright rich red, crisp, exceedingly sweet seed white.

Pkt. 5c, oz. 10c

TOM WATSON—The melons are 18 to 20 inches long and 10 to 12 inches in diameter. Flavor delicious.

Pkt. 5c, oz. 10c

YELLOW FLESH ICE CREAM—Beautiful golden yellow flesh and its luscious sugary flavor.

Pkt. 5c, oz. 10c

STONE MOUNTAIN—Fruits very large, broad oval, almost round, dark green, kind hard and tough; flesh bright red, crisp and sweet.

Pkt. 5c, oz. 10c

Sunflower

MAMMOTH RUSSIAN—A magnificent sunflower, heads 18 to 20 inches in diameter, very showy, often grows 10 ft. tall, seed plump makes fine feed for poultry.

Pkt. 10c, lb. 25c

Swiss Chard

GIANT LUCULLUS—Start cutting in about 6 weeks after sowing and continue until frost.

Pkt. 5c

Have Every Feature You Want
in a Garden Glove

All-Leather—DIRT PROOF—Durable
SOFT—Comfortable—WASHABLE

Easy on the hands and easy to wear!

Tobacco Canvas

We are glad to offer you this fine quality of tobacco cloth woven of strong cotton, wide tape selvage and brass grommets each yard making it easier to tack on the bed. It has a thread count of 28x24 to sq-inch. Just the right count for strength and yet does not give too much shade

Our Economy Tobacco Cloth

We carry this in two widths.

2 yds. wide (6 ft.) 9½c per running yard
3 yds. wide (9 ft.) 13c per running yard

Cannon Reinforced Tobacco Cloth

Many growers consider this the best on the market. It has a thread count of 28 x 24 with wide tape selvage and reinforcing cross bars every yard through the width.

We carry this fine cloth in two widths.

2 yds. (6 ft.) 10c per running yard
3 yds. (9 ft.) 15c per running yard

Vegetable Plants

Last season our plants were delayed on account of the very cold weather. This year we have added 1500 square feet of Heated cold frames to insure having plenty of fine transplanted plants early as well as a quantity of potted plants.

We use the best seed obtainable and use the utmost care to keep our plants labeled properly so you may be assured of getting just what you order. For description of varieties see seed section.

If your plants do not arrive in good condition please notify us at once so we can replace them. There are so many conditions effecting the growth of plants we cannot guarantee them to live BUT WE DO GUARANTEE THEM TO ARRIVE IN GOOD CONDITION.

Tomato Plants

Over 100,000 fine transplanted tomato plants. Hundreds of blooming potted tomato plants, these are NOT mailable.

Our Special Varieties

Greever's Mammoth Orange, Greever's Crimson Giant, Greever's Oxheart

(see seed section for description)

These fine varieties should be in every garden, our seed is taken only from the very choicest tomatoes, only those weighing a pound or more and very smooth. Also from only the tomatoes that are very meaty, that is why our strain of these very fine varieties excels any on the market—you will say they are worth the difference.

Our Main Crop Varieties

BRINNER, PONDEROSA, GOLDEN COLOSSAL, BEEFSTEAK, MASTER MARGLOBE, BONNY BEST, SCARLET DAWN

These fine transplanted plants 25 for 25c, 100 for \$1.00

We will have large potted plants of the following varieties:

Scarlet Dawn Ponderosa
GREEVERS MAMMOTH ORANGE Oxheart
GREEVERS CRIMSON GIANT

50c dozen

If wanted by mail Postage and Packing 20c extra

Pepper Plants

Our extra greenhouse facilities will insure plenty of fine peppers May 5th.

We will have the following varieties: Sunnybrook, PIMENTO, Ruby King, Worldbeater, Golden Queen.

1 dozen 20c, 2 dozen 35c, 4 dozen 60c

POTTED PEPPER PLANTS

Sunnybrook and Worldbeater 50c dozen

If by mail add 20c for postage and packing.

Pepper plants may be assorted to secure lower price.

Hot Pepper

LONG RED CAYENNE

20c dozen, 2 dozen 35c

Cabbage Plants

A few of these will grow your cabbage for you in June.

Ready for delivery last week in March or first of April

GREEVER'S SPECIAL COPENHAGEN MARKET— Selected especially for its earliness, uniformity of heads, and fine flavor.

Prices: 50 for 19c, 100 for 35c
500 for \$1.15, 1,000 for \$2.00

CABBAGE PLANTS FOR WINTER USE

Ready for shipment June 15th to August 1st.

We will have the following varieties.

LATE FLAT DUTCH, DANISH BALL HEAD
short stem

Price: 100 for 35c, 300 for 80c, 500 for \$1.15
1,000 for \$2.00 Postpaid

Cauliflower Plants

EARLY HEADING HELOIS

Ready for delivery April 1st to June 1st.

1 dozen 20c, 2 dozen 35c, 4 dozen 60c

Celery Plants

Celery at its best should not be set too early. Too long a growing season tends to make it tough, and fibrous. We recommend setting celery June 1st to July 1st.

Our plants will be ready June 1st.

GOLDEN DETROIT
WHITE PLUME

Prices on either variety 50 for 40c, 100 for 75c

Broccoli Plants

ITALIAN GREEN SPROUTING

1 dozen 20c, 2 dozen 35c.

Onion Plants

For summer and early fall onions, onion plants are very popular. The varieties raised from plants are tender, crisp, and mild. We will have these ready for shipment April 1st.

CRYSTAL WAX or WHITE BERMUDA—Clear white skin, flat in shape, sweet and mild.

YELLOW BERMUDA—Similar to above but with yellow skin.

Price on all plants: 100 for 25c, 500 for 70c,
1,000 for \$1.10. Postpaid.

Sweet Potatoes

Enjoy delicious sweet potatoes from late summer all through the winter. Plant some sweet potatoes in your garden this year.

Ready for shipment after May 10th.

We will have the following varieties:

EARLY TRIUMPH—This is a rather short potato, light cream colored, and meat fairly dry. They thrive mighty well in Southwest Virginia.

SPANISH RED—This is a delicious potato. The outside skin is a dark red, and the meat is a light yellow color, mealy, and somewhat nutty flavor. Personally this is our favorite.

PORTO RICO—Its skin and meat are pinkish yellow, moist and sweet.

NANCY HALL—Light yellow in color, with meat not as moist as Porto Rico.

Prices on Sweet Potatoes: 100 for 35c, 300 for 85c,
500 for \$1.35, 1,000 for \$2.25.

If you have never raised any Sweet Potatoes try a few this year.

2-110

Asparagus

Every home should have an asparagus bed. It is so little trouble after once established—and fresh Asparagus is a real delicacy.

MARY WASHINGTON—Rust proof, produces large sprouts

2 year roots

25 for 60c, 50 for 90c, 100 for \$1.50

Strawberries

Just about 100 plants will supply the average family with delicious fresh strawberries, and what is more delicious than Fresh Strawberry Short Cake.

Our assortment contains the 4 most popular varieties.

DORSETT—It is a most productive variety bearing practically perfect berries of most attractive appearance and deliciously sweet wild-strawberry flavor. Productive, of good size, with attractive berries of a light scarlet color.

50 for 70c, 100 for \$1.10

CHESAPEAKE—Big shapely berries, very delicious; fruit ripens later in season, about a week after Fairfax.

50 for 70c, 100 for \$1.10

Our Garden Assortment of Strawberries consisting of 25 each of our four berries will give you a supply of delicious berries for table use practically all summer.

Price: \$1.25 per Assortment

MASTODON—Produce heavily the first season. The Mastodon has proven itself far superior to other overbearing varieties in many ways. Fruit is almost double the size of the common overbearing.

25 for 75c 100 for \$2.00

FAIRFAX—It is as sweet as Dorsett, but matures a few days later having firmer flesh of a darker color.

50 for 70c, 100 for \$1.10

For Rhubarb Roots
see page 26

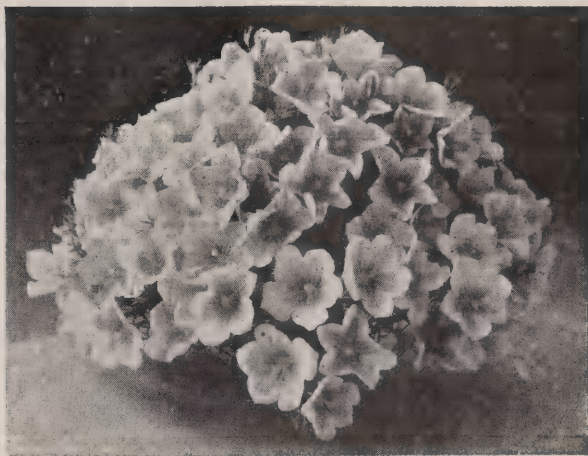

Every one can now have beautiful FLOWERS in and about their homes.

We have so increased our Greenhouse and heated cold-frame space that we will be able to have an abundance of large flower plants early, Perennials April 1st, others May 1st.

All our flower plants are transplanted, some varieties potted. We have added many newer varieties of both annual and perennials, as well as foliage plants, plants for window boxes and other pot plants for house use. We expect to have flowers to suit your every requirement.

Annual Flower Seed & Plants

Newer Specialties of Merit

Nierembergia Dwarf Cup Flower

A beautiful little border plant that will outbloom anything we have grown. Starts flowering when the plants are only 3 inches tall and keeps right on till frost. It is at all times neat and tidy looking, the young flowers covering the older flowers and seed pods. Flowers lavender blue heightened by a touch of yellow in the center. Plants are definitely dwarf 5 to 6 inches tall with a spread of 8 to 10 inches. Fine for borders, rock gardens, window boxes or pots.

Seed Pkt. 10c. Transplanted plants 35c dozen
Potted Plants (2½ inch pot) 65c dozen

Marigold Harmony Type French Dwarf Double Hybrid

Compact plants 12 to 14 inches high, all double and begins flowering very early. Flowers medium size and do not have the strong Marigold odor. Color a golden orange shade with numerous blotches and striped combinations.

Pkt. 10c. plants 30c dozen

Heavenly Blue

Scarlet O' Hara

Mile - a - Minute

Alamo or Mile - a - Minute Morning Glory

As the name implies, it is a very fast growing and attractive vine, the foliage is fine and multicut runners obtain a length of 20 feet a season, flowers are creamy white about 1½ inches in diameter, deep wine red at center. Unlike most morning glories flowers open late in the morning and remain open all day. Commences to bloom about August 1st and blooms till frost.

Packet 10c

Scarlet O' Hara Morning Glory

A new color in Morning Glories, rich dark wine red or deep rosy crimson. Very free flowering, flowers 4 inches in diameter.

Pkt. 10c

Clarkes Earliest Heavenly Blue Morning Glory

The earliest flowering variety, makes a sparse growth of foilage and is heavily covered with flowers. Flowers very large and a beautiful sky blue color shading to a golden throat at center. Stays open 10 to 12 hours a day closing late in afternoon.

Packet 10c

3 Beautiful New Petunias Grandiflora Minature Nana Compacta

This new type petunia is the nearest yet developed to a compact ball shape plant. Plants reach a height of 8 inches with a spread of 8 to 10 inches and will have a dozen or more flowers in bloom at one time. Flowers 2½ inches in diameter. Very fine for pot use, borders and window boxes.

We have this fine plant in the following:

VELVET BALL—A deep luscious shade of velvety blood red.
BRILLIANT ROSE GEM—rich deep rose
WHITE GEM—Pure white.

Seed of either of these: Pkt. 10c

Medium sized flowers petals quilled and twisted, a very unique zinnia.

FINEST Mixed—A bright colorful mixture of shaggy petaled medium sized double flowers **Seed Pkt. 10c**

Improved Liliput or Baby Zinnia

These are the most popular zinnia for cut flower as flowers are small compact and symmetrical on long strong stems, plants about 2 feet high.

We have 4 of these popular zinnias.

CANARY GEM—Canary yellow.

CRIMSON GEM—Crimson

ROSEBUD—Rose pink

GOOD MIXED—All colors mixed.

Seed Pkt. 10c

Cupid Zinnia

Small button like flowers on plants about 1 foot high, good for borders.

GRACILLIMA (Red Riding Hood)—Deep scarlet

PIXIE—Bright yellow

Seed Pkt. 10c

Scabious

Plants 2½ to 3 feet bearing numerous medium sized flowers remarkably resembling the annual scabiosa.

Finest mixed including crimson, scarlet, orange, yellow, pink and white.

For Sheep

Phenothiazine has been found to be the best drug yet discovered for the removal of worms in sheep. The results of experiments conducted by the United States Department of Agriculture, Virginia Polytechnic Institute, and on local flocks show 85 to 100% efficiency in removing nodular worms, stomach worms, hook worms and bankrupt worms.

The bluestone nicotine mixture commonly used for stomach worms is not effective against the bankrupt worms, hook worms and nodular worms, these three worms cause great losses of sheep especially in fall and winter. GREEVERS SUSPENSION OF PHENOTHIAZINE is very effective in removing all these.

The safety of GREEVERS SUSPENSION OF PHENOTHIAZINE has been demonstrated by experiments giving several times the recommended dosage without any bad effects.

While the cost of GREEVERS SUSPENSION OF PHENOTHIAZINE may appear relatively high compared with some other treatments but considering the fact it is only necessary to treat your sheep TWICE a year but most important of all it kills the NODULAR worm and others which other worm remedies do not kill—it is the most profitable drug you can give your sheep.

It pays 3 ways to use GREEVERS SUSPENSION OF PHENOTHIAZINE

- in increased weight
- in increased wool production
- in lowered cost of feed, it costs money to feed worms

The recommended dosage is 2 ounces for adult sheep, and 1 1/4 ounces for sheep under 50 lb. It is so easy to use just dilute with equal parts of water and give in a regular 4 ounce dosing syringe. No starving is necessary or desirable.

This makes the cost a little over 8c per dose.

The urine of treated sheep and milk will be red stained for a few days, this is perfectly natural and is in no way harmful to the animal. If treated sheep are confined they should be well bedded so the urine will be absorbed and not stain the wool.

PHENOTHIAZINE

The Find Of The Century

The most valuable Drug found yet for the removal of worms from animals and poultry.

It's Safe

It's Effective

GREEVER'S SUSPENSION of PHENOTHIAZINE

Sold Direct from Factory to Farmer.

It's the easiest to give and most economical method of treating Sheep, Horses and Calves with Phenothiazine.

Powdered Phenothiazine

25 poultry package	25c
100 poultry package	80c
1 pound	\$1.25
5 pounds	\$6.00
10 pounds	\$11.00
1 ounce equal	28.5 grams
1 rounded teaspoonful	about 5 grams
1 pint equal	225 grams

FOR POULTRY

Phenothiazine is very effective for the removal of cecal worms in poultry. Since it is believed by poultry authorities that the cecal worm may carry the causative organism of blackhead the removal of these parasites has attracted much interest. We recommend the powdered Phenothiazine given in the feed for poultry.

For Swine

GREEVERS SUSPENSION OF PHENOTHIAZINE is very effective against round worms and Nodular worms, heretofore there has been no effective treatment for Nodular worms, removing 90 to 100% of these. For swine it may be administered in the feed, just mix it with the slop and be sure there is enough at the trough for all the pigs to eat at once, giving the size pigs at the same time. The dose is 1/2 to 2 1/2 oz. according to weight.

For Horses

GREEVERS SUSPENSION OF PHENOTHIAZINE is highly efficient in removing both large and small strongyles from horses and partly effective in removing large round worms and pin worms. Since strongyles are the most common and the most injurious of all the worms living in the gastrointestinal tract of horses, it makes this drug valuable for horses, the dose is 4 to 5 ounces.

For Calves

GREEVERS SUSPENSION OF PHENOTHIAZINE is efficient in removing stomach worms, nodular worms and hook worms, the dose is 4 ounces for each 200 lb. live weight.

Biennial Flower Plants

Biennials are flowers whose seed are planted in the fall to blossom the next spring and summer. We have two in this class Pansies and Foxglove.

Pansies

What is more beautiful early in the summer than a bed or border of beautiful pansies, with their face like flowers, have been often called the flowers with a personality. We have 3 varieties this year.

These will be ready about April 10th—set them early.

Masterpiece

Very large frilled blossoms in a wide range of colors, these are very unique.

Seed Pkt. 10c

Transplanted plants 60c dozen

Englemans Giants

Immense blossoms 3 to 4 in. in diameter in all the lovely colors.

Seed Pkt. 10c

Transplanted plants 60c dozen

Non Plus Ultra

A fine strain, flowers a little smaller than other varieties but beautiful colors and a profusion of blossoms.

Seed Pkt. 10c

Transplanted plants
30c dozen

Digitalis or Foxglove

Handsome biennials producing stately flower spikes during June. Splendid for naturalizing and most successful in semi shade. Plants grow 3 to 5 ft. tall.

SHIRLEY HYBRIDS—Giant flowers with blotched throats

Transplanted plants

60 dozen

Perennial Flower Plants

Start a large Perennial bed or border this year.

JEAN CUMMINGS—September blooming, white, decorative.

R. MARION HATTON—October 1st blooming, canary yellow.

TASIVA—September blooming, white, decorative.

YELLOW NORMANDIE—September blooming, yellow
Plants 15c each, Selection of 8 for \$1.00

It is easy to have a beautiful lawn when you use our high grade Lawn Grass Seed.

Sow as early in the spring as possible. Dig or plow the ground deeply, pulverizing the clods. Work fertilizer into the soil and rake till smooth. Broadcast the seed thickly, half one way and half the other, cover lightly and roll or pack the soil to provide a firm seedbed. Cut when two inches high, and cut regularly. Water generously twice a week; oftener in dry weather. Pull out weeds and coarse grasses with a lawn weeder and sow seeds where the weeds were. For lasting results, give the lawn a good application of fertilizer in the fall and spring.

1 pound sows 200 square feet.

SUPERIOR LAWN GRASS SEED

Our best all purpose mixture, makes a smooth green velvety lawn. The most suitable grasses for making an even thick mass of sod sure to produce the best results under average conditions of soil and climate.

This mixture is composed of all colors in a well balanced mixture. A real bargain. Number one size \$1.50 per hundred. Numbers two and threes \$1.00 a hundred.

Cannas

These fine rapidly growing plants make a beautiful background or base planting around porches, etc. also for bedding.

ROSEA—Green foliage, pink blooms, 4 ft.

YELLOW KING HUMBERT—Bronze foliage, yellow blossoms, 4 feet.

KING HUMBERT—Bronze foliage, scarlet blossoms, 4 feet.

THE PRESIDENT—Green foliage, yellow blossoms, 5 feet.

Price of Cannas: 10c each, 90c dozen

Mixed Cannas: 75c dozen.

Rhubarb

VICTORIA RHUBARB

Every one should have a few Rhubarb plants. It is so delicious early in the spring, baked as a vegetable or in pies.

Plant the roots early in the spring from April 10th to May 15th. May be planted along the fence or in some out of the way place. Feed liberally with manure if possible. Very early in the spring set a barrel with end knocked out over the plants this will make long tender stems.

3 roots for 25c

DAHLIAS

We have added quite a few new and lovely dahlias to our collection this season.

HAD YOU THOUGHT—The love and care of flowers has never had an injurious or lowering influence on any one; instead, it has invariably brought continued and uplifting delight. The amount spent for one or two visits to the theatre would buy a whole seasons enjoyment in growing dahlias.

Your Dahlias will be shipped the later part of April in time for planting, on up to May 15th.

DREER'S YELLOW—The largest of all clear yellow balls. Ball type and a beautiful clear yellow.

20c each

HARRY MAYER—Decorative type, very large, light opalescent pink, with a deep pink reverse. Satisfactory everywhere.

15c each

HARVEST MOON—A beautiful blend of old gold, orange and pink. Decorative type. Plants grow very tall with an abundance of beautiful flowers on long stems.

30c each

Tuberose

One of the most deliciously fragrant and beautiful of the summer bulbs. One or two spikes will perfume a whole room.

Plant a few of these at our low price of

Large Bulbs
10c each, 3 for 25c

BO-PEEP—The most beautiful and perfectly shaped. A pompon dahlia we have grown. A beautiful shade of rosy purple. One of the best keepers as a cut flower. Arranges lovely in vases or baskets.

35c each

MADCAP—A very unique pompon. A ball type, amber yellow center, and tips strong red.

30c each

STAR OF THE EAST—A pure white pompon. We do not believe a flower garden is hardly complete without a few white pompons. They are useful as cut flowers in so many ways.

25c each

IMMACULATE—We challenge anyone to show us a finer purer snow white dahlia than this. Has lots of vigor, fine stem and blooms freely. Informal decorative, irregular curved petals of pure white. A real beauty.

35c each

JUDGE A. B. PARKER—A fine blend of copper and gold. Plants are tall with an abundance of beautiful decorative blossoms.

20c each

MAUDE ADAMS—An old variety which has never been equalled for beauty or excellence. Ball type with pure white petals tinged with a soft pink.

Vitamin B-1

Produces amazing reinvigorated root growth-

The truly amazing effects of pure crystalline Vitamin B-1 on plant growth represents one of the newest and most exciting discoveries. Vitamin B-1 is not a fertilizer nor is it any other form of plant food. However it enables plants to gain the greatest possible benefits from the soil in which they are planted. In addition to its marvelous effect upon the root growth it has a highly beneficial effect when sprayed on seedlings. It will increase the size of flowers and appearance of the foliage of practically all plants. Especially valuable to be used on potted plants.

Try some on your flowers.
